Student-Run Engineering and Informatics Clubs

Computer Science, Robotics, Competitive Mathematics, Software Engineering

Overview

This year, multiple engineering and informaticsrelated clubs are coming together under a common name. This meeting is meant to gauge interest in the branches.

Computer Science

Fridays - After School Room 123

Similar in concept to curriculum computer science but we dive deeper into topics such as algorithms and data structures

Oriented towards preparing for competitions such as CCC, ECOO, and DMPG

Robotics

Wednesdays - Lunch Room 123

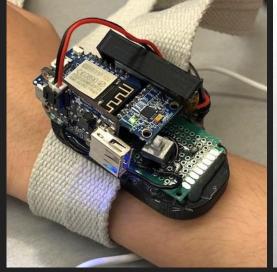

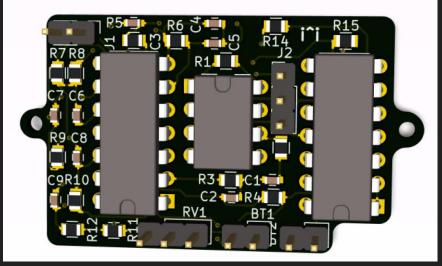

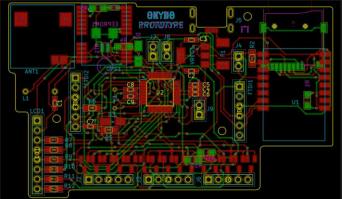

Understanding electronic components, creating schematics, reading datasheets, assembling and programming robots

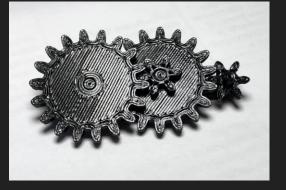

Competitions : Vex, FRC

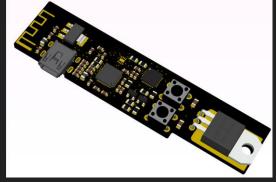

Competitive Mathematics

Tuesdays - Lunch Room 314

Learning selected topics in math, curriculum and beyond.

Competitions - Tournament of Towns, COMC, CMS Series (CTMC tentative).

Software Engineering

Mondays - After School Room 123

- Practical applications of programming
- E.g. web/desktop/mobile applications

Erindale hackathon later this year, stay tuned.

Competitions: Various hackathons
